

Ginja.org & Emonigma.com - COOKIE POLICY

What's a cookie?

- A "cookie" is a piece of information that is stored on your computer's hard drive if you agree to this and which records how you move your way around a website so that, when you revisit that website, it can present tailored options based on the information stored about your last visit. Cookies can also be used to analyse traffic and for advertising and marketing purposes.

- Cookies are used by nearly all websites and do not harm your system.

We are required to obtain your consent for all non-essential cookies used on our website. You can block cookies (including essential cookies) at any time by activating the setting on your browser that allows you to refuse the setting of all or some cookies. However, if you use your browser settings to block essential cookies you may not be able to access all or parts of our site.

How do we use cookies?

- We use cookies to identify you when you log in or sign up to our website.
- Our cookies are persistent: they are stored as a file on your computer and remain there when you close your web browser, so you don't need to log in again next time that you log in. Our cookies are encrypted with a secret, so they can only be read by us.
- Our cookies are strictly necessary cookies: These cookies are essential to enable you to use the website effectively, such as when buying a product and / or service. Without these cookies, the services available to you on our website cannot be provided. These cookies do not gather information about you that could be used for marketing or remembering where you have been on the internet.
- Our cookies are first party cookies, i.e. cookies set by our website. **We use only first party cookies on this website.**

We only use essential cookies, which enable us to recognise you when you return to our site, and allow you to use our site in a way that makes your browsing experience more convenient, for example, by allowing you to store items in an electronic shopping basket between visits. If you register with us or complete our online forms, we will use cookies to remember your details during your current visit, and any future visits provided the cookie was not deleted in the interim.

Since we only use essential cookies, you cannot alter your cookie preferences. If you do not consent to our use of cookies, you can avoid them by not logging in nor signing up on our website, or by changing your cookie settings through your web browser.

All cookies are set to expire after 365 days at most, unless you use the website again, in which case we may renew the expiration date of the cookie to another 365 days at most.

If you have any questions about the cookies that we use, feel free to contact us at

<https://ginja.org/en/contacto> or at <https://emonigma.com/en/contacto> .
